

ICASW 2027

International Conference on
Autonomous Systems and Workshop

CALL FOR PAPERS

April 17, 2027 · Venue to be announced

WHAT WE ARE LOOKING FOR

Tutorials

6 presentation slots

- Papers capable of engaging the audience interactively.
- A **5-minute presentation** in the morning, then a **90-minute workshop** in the afternoon.
- A workshop for **25 or 50 participants**, with 10 or 20 equipment sets (if needed) and at least one **teaching assistant**.
- Authors prepare the equipment and provide the **laptop hardware requirements**; attendees bring their own laptops.

Regular Papers

10 presentation slots

- Academic papers relevant to the conference theme.
- A **10-minute presentation** in the late morning, then a **poster** in the afternoon, during the coffee break.
- Not strictly limited to the theme: any compelling, relevant research is welcome.

Author feedback: 40% of the workshop registration fees are given to the authors of each workshop, based on attendance. Choose an engaging topic and draw in as many participants as possible!

PROPOSAL SUBMISSION REQUIREMENTS

All submissions must be in English and include:

- **Title & Abstract:** A concise title and an abstract (max 300 words).
- **Paper:** One anonymized PDF (max 10 MB) in the IEEE conference format; no page limit.
- **Session Track:** Clear indication of Tutorial or Regular Paper.
- **Outline & Schedule:** A breakdown of how the allotted time will be used. Tutorials: detailed breakdown of the 5-minute morning presentation and milestone-based progression for the 90-minute workshop. Regular papers: clear breakdown of the 10-minute presentation structure.
- **Prerequisites & Toolchain*:** List of required software, target OS compatibility, hardware dependencies, and recommended skill level.
- **Workshop Size*:** Choose a workshop for 25 or 50 participants. If the workshop needs equipment, prepare 10 sets for 25 participants or 20 sets for 50 participants.
- **Participant Hardware Requirements*:** The minimum hardware participants' laptops must meet, such as CPU, memory (RAM), GPU, free disk space and operating system. These requirements are published to attendees.
- **Teaching Assistant*:** At least one teaching assistant (TA) to help participants during the practical part of the workshop.
- **Interactive Demo Video*:** A short demonstration video (2–5 minutes) showcasing the functioning prototype, project workflow, or target outcomes participants will build during the workshop.
- **Author Bio:** Professional background (max 150 words), previous presentation experience, and relevant project links (e.g., GitHub, Google Scholar, LinkedIn).

* Tutorials only.

REVIEW CRITERIA

Double-blind peer review against:

- **Technical Depth & Originality:** Novelty of the research or practical value of the tooling.
- **Clarity & Feasibility:** Feasibility of completing the agenda within the allotted time frame (particularly for 90-minute workshops).
- **Engagement Plan:** Degree of meaningful interactivity planned for workshop participants.
- **Theme Alignment:** Relevance to current industry and academic trends.

CONFERENCE THEME

Implementation topics come first.

1. **Autonomous Robotics**
2. **Autonomous Vehicles and Mobility**
3. **Drones and Aerial Autonomy**
4. **Edge and Embedded Computing for Autonomy**
5. **Perception and Situational Awareness**
6. **Simulation, Digital Twins and Benchmarking**
7. **Applications of Autonomous Systems**
8. **Control of Autonomous Systems**
9. **Planning, Decision-Making and Reasoning**
10. **Learning for Autonomy**
11. **Multi-Agent and Swarm Autonomy**
12. **Human–Autonomy Teaming and Interaction**
13. **Safety, Assurance and Verification**
14. **Security, Privacy and Resilience**
15. **Autonomic Computing and Self-* Systems**
16. **Foundations and Architectures of Autonomous Systems**
17. **Ethics, Policy and Societal Impact**

IMPORTANT DATES

Call for Papers announced	**October 13, 2026**
Proposal submission deadline (tutorials and regular papers)	**January 31, 2027**
Notification of acceptance	**March 1, 2027**
Early-bird registration deadline	**March 15, 2027**
Camera-ready paper due	**March 31, 2027**
Registration deadline	**April 17, 2027**
Conference	**April 17, 2027**
